### ELEMENTARY SCHOOL CHARGE POLICY

The cafeteria cashier will account for each charge made by a student. Following the first charge, the student will be told to inform their parent/guardian that lunch money and/or milk money is due in a timely manner.

After **THREE** charges, the cashier will send a note home with the student and lunch money and/or milk money is required immediately.

We **NEVER** want anyone to go without a meal because they don't have money. However, we can not provide free food to everyone. Please take a sandwich and milk if you have no money. If there is a situation that prevents you from paying for food, please see your principal of your building.
