Program Hours

AM Program: 6:30 a.m. until school begins. Morning opening times may vary by school district. Please call your local YMCA for information. YE Central District, 615 N. Alabama St., Ste. 400, Indpls., IN 46204, (317) 226-9122.

* Generation Y

Currently, the YMCA provides care for older youth attending several of our local Intermediate and Middle Schools. "Generation Y" incorporates a "club" curriculum and expands the traditional principles of the YMCA School-Age Program to meet the unique needs of middle school aged youth during the "critical hours" from the time school ends until 6 p.m. The curriculum components of the Generation Y program are clubs (cooking, dance, chess, travel, etc.), homework time, service learning, development of life skills, character development, special event planning, leadership development, arts and humanities, and health and wellness.

* Kindergarten Plus

Our Kindergarten Plus program is designed to meet the needs of families who struggle with finding quality childcare for their Kindergartener. Please call (317) 577-2070 for more information.

Why Choose the YMCA?

A long-standing not-for-profit organization

- The YMCA of Greater Indianapolis has been serving this community since 1854, meeting changing community needs for 157 years.
- In response to the needs of the community, the YMCA is the largest provider of school age programs in the greater Indianapolis area and surrounding communities.

Special Needs

- The YMCA welcomes families and children with special circumstances.

Safety

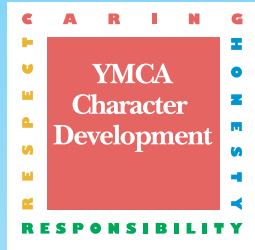

- Over 6,500 children are entrusted to our care every day.
- 98% of the parents surveyed last year felt their child was safe in the YMCA before and after school program.
- We exceed state standards for staff to child ratio. Our maximum ratio is 1:15 and we exceed this at most sites. Groups that include 5 years olds: 1:12.

Trained Staff

- An integral component of the YMCA's quality programming is staffing. Our staff consists of mature and enthusiastic individuals who help us provide a quality, safe, and enjoyable program. **Reference checks** are conducted, documented and filed on all employees working with children. A **Criminal History Background Check, Mandatory Drug Test, and a TB Test** are also required.
- The YMCA of Greater Indianapolis requires all school age program staff to take CPR, First Aid, and Child Abuse Prevention trainings within the first 30 days of employment. Our staff are able to receive over 100 hours of training during their first year.

Enriching Curriculum

The YMCA's national character building campaign pledges to incorporate the values of caring, responsibility, honesty and respect as part of all youth services programming. The YMCA seeks to support and strengthen the family unit, help children develop to their fullest potential and present programs and services in a positive YMCA environment of safety, support, and care.

Our program provides a resource-rich environment and introduces children to activities that build on what they learned during the school day. YMCA staff implement curriculum in active learning centers, which inherently embodies the **Indiana State Standards** without duplicating the classroom.

- For additional enrichment resources, we utilize **After School KidzLit, a literacy program, After School KidzMath** and our own **National Geographic website**.

Our curriculum includes eight core content areas.

- Arts and humanities
- Character Development
- Health, wellness, and fitness
- Homework support
- Literacy
- Science and technology
- Service-learning
- Social competence and conflict resolution

- The specific activities associated with the core content areas generally take place in one or more of the following contexts, each of which is balanced throughout the day or week:

Free choice: The child chooses from several activity options, some relatively unstructured and some that are staff-directed learning centers.

Small group and individual: The activities available can be done either in small groups or alone. They may be initiated by the adults with the expectation that all children will work on the activity (e.g., homework or quiet time), or they may be initiated by the children themselves.

Project time: Time set aside for children or youth to begin or return to a long-term project needing specified space, materials, tools, or leadership.

Large group: Activities designed for large group participation usually under the leadership of a responsible person (e.g., read a book or participate in an active game such as soccer).

Indoors and outdoors: As much as possible, and depending on the weather, strive to balance indoor and outdoor activities.

Snack: A nutritious snack, planned to meet a child's nutritional requirement, is served each day.

Developmental Assets

YMCA staff members design our Before and After School Programs to give children the support they need to become successful adults. In addition, the YMCA of Greater Indianapolis collaborates with the Search Institute and an independent research firm to receive annual feedback from parents with children in our program. Survey questions focus on the Search Institute's 40 Developmental Asset Model, a nationally regarded tool in assessing the outcome measurement of youth programs and activities.

- 97% of the parents surveyed last year in our before and after school programs rated their child's experience as excellent or good.

Parents who were surveyed reported: "YMCA activities have helped my child"	
Get along better with others who are different from him or her	98%
Do what is right even when other kids want to do something else	95%
At YMCA activities, my child has learned that it's important to help other people.	98%
People in Y activities expect my child to respect others' feelings and property.	98%
People at the YMCA encourage my child to do well in school.	97%

WHAT ABOUT **EARLY RELEASE** & **SCHOOL'S OUT DAYS?**

Since parents' work schedules do not always match children's school days off, continuous care is offered during these breaks (minimum enrollment required) at several YMCA and school locations. A Parent Handbook with more information is available on-line or at your site. All fees include school delays (for registered a.m. participants) and early release days (for registered p.m. participants).

The YMCA offers a variety of summer camp opportunities at several locations. Please contact your local YMCA for information about our exciting summer camps.
