

Registration for the 2013-14 School Year

Registration is an important activity for the school year. Registering your child on time allows the school to have an accurate count and assists with class placement and balance. This is an opportunity to provide emergency contact information, email addresses, and phone numbers so that school newsletters, two-hour delay or cancellations can be sent to families. Parent online accounts are set up for new students at registration, so that parents can access grades, attendance and other information. Returning families will use their password (or receive help) to access their account to update information. At the designated times listed below, computers and staff will be available to assist with the process. If a family does not have access to a computer or the internet in their home, at registration a request to have paper copies of report cards and newsletters can be completed. Families can complete applications for textbook fee and school lunch assistance programs, if needed. School calendars and student handbooks are also available at registration. In addition, the United Way coordinates “Backpack Attack” school supplies, for families in need of assistance, at registration.
