Child Abuse/Neglect Reporting Protocol

Educators should:

- Be familiar with Indiana child abuse reporting laws.
- Follow school administration notification policies, **but** not at the expense of violating your responsibility as a mandated reporter.
- Report child abuse as soon as it is suspected.
- Expect an investigation of your report and notification that the case was or was not substantiated and expect anonymity.
- Receive immunity from prosecution if you reported in "good faith."

Educators should not:

- Contact the child's family or other persons (relatives, friends, alleged perpetrator) for the purpose of determining the cause of injury. This may allow the removal of evidence or coercion of the child to change their story before an investigation.
- Feel compelled to prove that a child has been abused or neglected. It is the responsibility of Child Protection Services and/or the Law Enforcement Agency to investigate and determine if the child has been abused or neglected.
- Remove clothing—especially if it covers "private parts," in order to see an injury.

Where do you report?

- Child Abuse and Neglect Hotline: 1-800-800-5556
This line is staffed 24 hours/day, 7 days/week.

What information is needed? Be prepared to provide:

- Identifying information; name, address, phone number and date of birth of the child. Identity of the suspected perpetrator, if known. Names of parents or caretakers.
- Description of the injuries/physical indicators. Be as specific as possible regarding location, size and severity of physical injuries or conditions.
- Verbal reports made by the child, behavior of the child or any other evidence of problems that have been observed.
