Dr. Harold Olin

No Better Time

“The ongoing efforts of teachers and staff have resulted in three National Blue Ribbon Schools, multiple Four Star Schools, and most recently, the prestigious Family Friendly designation for all eight schools.”

It is a great time to be a part of Greenfield-Central Schools.

Our students and staff are having success on multiple frontiers, including State Championships in Marching Band, ISSMA All Music Awards for instrumental music and orchestra, national qualifying STEM teams, and state qualifiers in multiple sports, drama, and FFA competitions. The ongoing efforts of teachers and staff have resulted in three National Blue Ribbon Schools, multiple Four Star Schools, and most recently, the prestigious Family Friendly designation for all eight schools.

Additionally, we have seen our highest graduation rates in the last decade. Most of our students attend the colleges and universities of their choice, while other graduates enter the workforce with the skills they need to be successful in the settings beyond our schools. And of course some of our graduates choose to serve our country in the armed forces, where they are ready to make an immediate positive im-

pact on our nation. Whatever path our graduates choose for themselves, they find they are equipped to make constructive contributions to our world.

This level of achievement that our students experience is not new. Greenfield-Central has a long, illustrious history that is full of fantastic stories from students, staff, and community members. Since the onset of school consolidation in the late 1960's, thousands of school-aged children and young adults have called G-C their home. Listening to the stories of some of our recent inductees into the Greenfield Central School Foundation's Hall of Fame has helped me better understand just how

long our school corporation has had a profound impact on the community.

It is easy to see that our facilities and faculty members have changed quite a bit in the last fifty years, yet the spirit of a Cougar has really not changed all that much. As a life-long resident of Hancock County, I have seen the pride that teens from Greenfield-Central High School have exhibited through the last five decades. This community has always held strong feelings of pride about their school corporation because there has been a lot of success to celebrate. We intend to keep that positive legacy in place.

As I reflect on the lengthy history of our schools, I conclude that there may be no better time to be a Greenfield-Central Cougar. It is with great confidence that I assert that we have more greatness ahead of us. I hope you share in my optimism for our school community, and I look forward to your continued support as we strive for ongoing successes.

Construction on the new auditorium should begin around fall break.

Registration – an important activity for you and your child

It allows the school to have an accurate count and assists with class placement and balance. This is an opportunity to provide emergency contact information, email addresses, and phone numbers so that school newsletters, two-hour delay or cancellations can be sent to families. Parent online accounts are set-up for new students at registration, so that parents can access grades, attendance and other information. Returning families will use their password (or receive help) to access their account to update information. At the designated times listed below, computers and staff will be available to assist with the process. If a family does not have access to a computer or the internet in their home, then at registration, you may request to have paper copies of report cards and newsletters available to you. Greenfield-Central Community School Corporation parents are urged to mark their calendars for the following dates:

On-line Registration | ALL Grades 1-12 | Begins July 11

All Student In-Person Enrollment | July 21

12:00 noon -7:00 PM Greenfield-Central High School Gym

This is for families that are new to the corporation or need access to a computer.

Book rental can be paid at registration or at the school office or through EZ school pay. See the QUICK LINKS information.

Greenfield-Central High School Registration

Registration information for Greenfield-Central HS students will be sent in a letter in early July.

All registration can be done on-line through the parent PowerSchool portal. Student schedules will be finalized when they arrive on the first day of school, August 2. *Schedule changes will only be made if there was a mistake or if graduation requirements are affected.* Please provide detailed information about your concerns. If there is an error in your schedule and a change is requested please email your specific counselor.

To G-C Families

The school meals program is funded by the United States Department of Agriculture. Since the start of the COVID-19 pandemic, school corporations have used a federal waiver that allowed them to feed every child for free through the end of the 2021-22 school year. The use of this waiver is no longer available. **This means that for school year 2022-23, our school corporation will return to the traditional eligibility requirements for free, reduced and paid meals and will process free and reduced-price meal benefit applications.**

The Food Services Department has the ability to directly certify students who receive SNAP, TANF, some Medicaid, are certified as homeless, migrant, or are wards of the state (foster children). Households who are directly certified will be notified in writing of the free or reduced-price meal status prior to the start of school and will not need to complete an application.

Meal benefit applications will be available July 1*. **Households are encouraged to apply before the start of the school year to avoid unpaid meal charges.** Students who are not approved for free or reduced-price meal benefits before the start of the school year will be classified as paid status and meal charges may begin to accumulate starting the first day of school. Meal charges accrued before the approval of a meal benefit application will be the responsibility of the household.

You do NOT need to complete an application if:

- You receive notification that your child(ren) are directly certified.
- You know your household does not qualify for meal benefits. (Please have money in your child's account on the first day of school.)

Amanda C. Stout, SNS
Director of Food Services
acstout@gcsc.k12.in.us

**Applications received prior to July 1 will not be effective for the 2022-2023 school year.*

Inclement Weather

Several factors are weighed by our weather team prior to making decisions to delay or close school, with student safety always being at the center. We recognize that last-minute school delays or closures can cause hardships for our families. Therefore, every effort is meant to make decisions to close or delay school as early as we can, ideally by 6am.

The school instant alert system is utilized to provide updates regarding school delays or closures. For that reason, families sure ensure their contact information (phone numbers and email addresses) are updated during student registration each summer. If there is a need to dismiss students early from school due to inclement weather, parents should make sure that all contact information, including emergency contacts, is up -to-date and that their children understand their family's early release plan.

Several public networks and social media accounts are used to communicate school delays and closures.

Mr. Cleveland received his undergraduate degree from Ball State University and Masters/Principal Licensure from Indiana Wesleyan University. Jeff was a band instructor in two different schools prior to making a move to school administration a few years ago. Mr. Mark Evans

Mr. Mark Evans has been selected as the junior high Athletic Director / Dean of Students / Transition Coordinator. Mark received his bachelor of arts from Ball State University and Franklin University. He is currently serving as a school administrator in the MSD of Warren Township as the dean of students at Hawthorne Elementary School.

Mr. Wherry currently serves as the principal at Knightstown High School, where he has served for the last seven years. Prior to this, Steve served as the assistant principal for seven years in that same school.

Mr. Wherry was a Math teacher in our school corporation early in his career before being offered a teacher leadership role in Perry Township where he also taught mathematics and supervised a school-to-work program. He is a resident of Hancock County, and his children have attended our high school.

We were very pleased with the quality of the candidates in the pool for each of our administrative vacancies this spring. After our comprehensive hiring process was concluded, I am confident that we added highly qualified educators who will fit well with our culture.
