STUDENT TRANSFER FORM
In-District Request

Greenfield-Central Community School Corporation is committed to providing the most appropriate educational experience for all students in the school corporation. We also recognize the varying needs and interests of our students and their families. Transfer of a student(s) from their home school to another Greenfield-Central building is a service provided within the guidelines of the corporation. It is not a required service. As appropriate, these transfer requests will be met under the following guidelines.

A defined number of available student slots will be identified for “choice” consideration. Students will be considered on a first come - first served basis for these slots with requests for consideration being accepted until June 1. As of July 28, current enrollments will be reviewed for determining preliminary approval of transfer requests. Final consideration of transfer requests will be made at the start of school and notification will be made by a phone call or email.

Transfer requests will be granted according to specified criteria as noted in the guidelines for student transfer in the school corporation. All students seeking consideration will be notified in the timeliest fashion possible of the action taken on their request.

Please note that families who request to be transferred will be required to provide their own transportation to and from school on a daily basis.

Complete the necessary information on the back of this page, and have the principal sign from the school of choice.
